

1	There is a dog park in Eisenhower Park, and others that our community may have access to. The question below, for people who answer "Yes" presumes it will go into a park. Which park? Rath park seems pretty well used to me, so what other park area is being suggested? I do not want to pay more taxes when I don't really see that the park is very well taken care of as it is!
2	#1) There isn't enough space in the parks in Franklin Square for a viable dog park. #2) My taxes are high enough. Why should I have to pay for something I won't use? #3) Who is going to maintain this park? An honor system for pet owners to clean up after their dogs? Get real they don't even clean up their dogs poop when they walk them down my block!
3	Any
4	Any park in Fs is fine with me .i pay enough taxes and do not want an increase ,fit it in the budget.
5	Any park in the Franklin Square area would be suitable. I have to travel to other towns in order to take advantage of their dog parks.
6	Anywhere
7	As long as there is some shade, I don't care what park it is at. Whatever is best for the community.
8	As we do not have a dog, this is not something which is necessary to us - especially if taxes were to increase.
9	Dog parks can be very dirty. Who will be in charge of the clean up? Will it be part of the special park district or will anyone be able to go there?
10	Don't have enough information
11	Fix up the children's play ground and pool at Rath Park first. Cleaning up after the dogs and maintaining the grass takes money.
12	Garden city South or Rath park
13	I do not have strong views on the specific location but strongly feel Franklin Square should have a dog park. Somewhere in Rath Park would seem logical, but I am sure other areas could also work very well.
14	I don't have a preference for a location for a dog park.
15	I LOVE dogs, but i don't think this is the time to be focusing on a Dog Park. We should be more focused on helping people survive this economy during this time of the Virus. People are struggling out there to pay for things, and businesses are struggling to keep afloat. Our taxes and the cost of things will be going up due to this Virus. The Virus will be brutal this Fall & Winter. It's not going anywhere. New York will be shut down again. Spending any time, resources, and / or tax money on a Dog Park now, seems unnecessary. When this Virus passes and things hopefully get back to normal, then we can look at things like a Dog Park.
16	I simply cannot find one in Nassau County and my dogs miss that canine socialization they used to get. I also feel this would be a great revenue driver to FS since there isn't a dog park around. We can set up small food and pet businesses mobile around the park.
17	I think an area by the historical society would be best since it is mostly underutilized. I dont think anything more than a fenced area is needed.
18	I think the best place with the necessary room would be the playground on Cornwell Road. Im not sure if that is considered FS, but that would be perfect. No one ever uses it. I can't see any other place in FS large enough for a dog park.
19	I think you should take better care of the park and pool first before you start adding a dog park how about making a better shack and place to seat and eat. Take a look at valley stream pool to get ideas. And I do not want my taxes going up for a dog park

20	I would like to know who clean up waste? Where would it be located? Would it be supervised? If person or animals are hurt who is responsible? The dog owners should be responsible for all costs
21	I'm concerned about a tax increase. Our town needs some beautification. Store front owners need to clean up side walks and give their store front some curb appeal. Other towns in surrounding areas have beautiful flowers , flags etc.
22	If a dog park is put in Franklin square without raising our taxes I am for it but Our taxes are high enough already. These are tough times for people as it is. There are plenty of people in town that don't have dogs and wouldn't be right to raise taxes when they won't use the facility. I myself have a dog but don't think everyone without should bare the burden of its cost
23	If there was to be a dog park, probably a portion of the Rath park parking lot should be considered. A location that is not close to any residents and has lots of shade for the dogs. I also feel only resident should be allowed access. This would require some sort of annual pass and that pass would swipe into the park. Valley Stream has a similar situation.
24	Most people walk their dogs close to home. I do not believe they would travel to an area not close to home.
25	near the Gazebo in Naples Ave.
26	No opinion about placement, but very encouraged to see this project go ahead.
27	no particular location
28	No preference. Rath is large and centrally located.
29	None
30	Not next to the FS Historical building. A lot of hard work went into that building. Put it next to the tennis courts.
31	Not sure
32	Park at the end of dogwood that's never used Or using part of Rath parking lot
33	perhaps near the parking lot or gazebo
34	Probably by that abandoned building across from Rath Park.
35	RATH
36	Rath
37	Rath park has a large enough area to place a facility.
38	Rath near tennis courts take away sitting area that the bums sleep on and put up a neighbor hood funded dog park
39	Rath Park
40	Rath Park is closest to my house, so that would be my preferred location, being that my dog and I would walk there. The area with the gazebo is a tween hang-out area but could easily be transformed into a descent sized dog-park. A larger more grassy area would be more beneficial to dogs of substantial size
41	Rath Park is most likely area, perhaps on the side of the new Historical Society building or if there is room by the tennis courts.
42	Rath Park near the Baseball cages
43	Rath Park near the historical society building
44	Rath Park near the tennis courts.
45	Rath park or by the toddler park on cromwell

46	Rath Park use some of the parking lot that never gets filled up. Or Cornwall park which is always vacant
47	Rath Park, to the left of the tennis courts
48	The current resources are spread thin as evidenced by the subpar and outdated parks and pools for people of all ages. Let's focus there and revisit the , "Renew Rath Park" initiative to see the course through. I understand monies were allocated, but would like to see more than a black top tennis court, which isn't how it should be, and grass on fields. Let's keep Rath Park safe and clean and updated as other townships have done.
49	The large unused shuffle board area
50	The park is designated for families and children, plus if dogs curb on the grass : who is responsible to clean the poppy ? dog owners sometimes do not clean after their pets on the side walk. No Dog Park in Franklin Square.
51	The rath park parking lot is never full. Perhaps they can use a section of that for a dog park
52	THERE ARE ENOUGH PROBLEMS.
53	There are lots of concerns about maintenance of existing park facilities at Rath Park so we do not need another additional area needing daily cleaning and maintenance in our park. I am not in favor of added taxes to make a dog park at Rath Park. The area next to the museum behind houses is an area where educational activities are planned in the very near future by the Museum staff. Perhaps the park on Nassau Blvd would be more appropriate for a dog park.
54	There is a park just off the intersection of Dogwood Ave and Cromwell Ave. the entrance is in Cornwall. This park hardly ever has anyone in it. There is plenty of parking and it borders the Southern State Parkway on the south side of the park. I don't know if it is a TOH park or not. (I believe I filled out this form earlier but didn't mention the park on Cornwall Ave as a possible home for the dog park)
55	Too much maintenance would be required for it's up-keep.
56	Waste of tax payer money. The first priority should be to fix the parks with updated playgrounds, courts and pool.
57	Wherever it is feasible.
